

The First Chapter

With good nutrition being so crucial during a child's formative years, Chapter One Gummies line is designed to ease little ones into a lifetime of nutrition with delicious-tasting, attractive and fun gummy vitamins.

Kid tested, Mom approved.

Chapter One Gummies are a combination of key dietary supplements in fun-flavored gummies, providing children with nutrients in a tasty format that will just have them begging for more!

Optimal Health

Our ideal formulas provide the right combinations of nutrients in great-tasting gummies to fill in the gaps of nutritional deficits and to give children the boost they need for healthy growth and development.

Biotin

Chapter One Kosher Biotin Gummies contain Biotin, which supports healthy skin, hair and nails. Our ideal formula provides fortifying Biotin in a yummy gummy format to boost the little ones externally and internally.

B is for Bones

Bone Gummies for kids contain essential nutrients, such as Calcium and Vitamin D3, which are necessary for healthy bone development. This formula provides the right combination to promote stronger bones, teeth and healthy gums.

C is for Vitamin C

Vitamin C Gummies provide children with the all-important immune-boosting nutrient. Vitamin C functions as a powerful antioxidant, immune booster and promotes iron absorption.

D is for D3

Children, in particular, need to have sufficient nutrients to sustain necessary growth. Hence, an adequate intake of Vitamin D3 is especially critical to support bones, teeth, muscles and a healthy immune system.

F is for Fiber

Fiber Gummies contain an excellent source of natural Chicory Root soluble fiber. With 3 grams per serving, it provides fiber in a delicious gummy to support digestive health and to help your child's tummy feel fuller for longer.

I is for Immunity

Immunity Gummies contain a superb blend of essential immune-boosting nutrients such as Vitamin C, Zinc and Black Elderberry. This formula provides the right combination in a mouthwatering gummy to boost children's natural defense mechanism and general wellness to keep them healthy all year round.

Iron

Chapter One Kosher Iron Gummies contain a synergistic blend of Iron and Vitamin C to support blood formation. These fun-flavored gummies are a pleasure to take and promote the production of red blood cells.

Magnesium

Chapter One Magnesium Gummies are delightful gummies that contain this necessary nutrient and are fun to take. With 100 mg of Magnesium per gummy to help support the muscles and nerves, they provide much for the growing child. Additionally, Magnesium is popular for its soothing effect and may aid with occasional constipation.

M is for Multi

Multivitamin Gummies are chock full of critical vitamins and minerals to help support optimal nutrition and overall wellness during a child's formative years. This formula fills in the gaps of nutritional deficits and gives children the boost they need for healthy growth and development.

O is for Omega

Omega 3 gummies provide Omega 3 Fatty Acids sourced from algae. Omega 3 is an essential fatty acid, which means the body requires it but cannot produce it on its own. Therefore, supplementing with Omega 3 may give children the boost they need to support brain, vision and heart health.

S is for Sleep

Sleep Gummies contain melatonin, which supports restful and quality sleep. This formula provides melatonin in a delectable gummy to support a good night's sleep.
